

MENA Judicial & Financial Colloquium on Insolvency and Restructuring- Regional Perspectives and International Experiences

05-06 December 2012, Wednesday & Thursday- Dubai – UAE

Dear Hawkamah Partners,

Hawkamah, The Institute of Corporate Governance invites you to the 2nd MENA Regional Judicial & Financial Colloquium on Insolvency and Restructuring- Regional Perspectives and International Experiences, an initiative of the Forum for Insolvency Reform in the Middle East and North Africa (FIRM) to be held on 05-06 December, 2012 in Dubai. This colloquium is being undertaken in partnership with the Dubai Judicial Institute, INSOL International and The World Bank Group.

The Arab Spring coupled with global financial crisis caused financial distress in a number of businesses in the region. This colloquium is an interactive program providing a platform to exchange experiences and cases of successful business and financial restructurings.

The design and implementation of sound insolvency systems are key components of building effective business enabling environments that respond to both investment promotion and crisis prevention. Similarly, if debt obligations and burdensome operating costs become overwhelming and threaten the viability of an organisation, financial restructuring is often an option to keep the business afloat.

The Colloquium will discuss the legal, financial and policy considerations to advance on the development of an efficient insolvency and restructuring regime; identify the various judicial approaches needed to deal with the unique dynamics in these areas; share experiences among MENA regional judges and practitioners and prioritize policy options for greater alignment in the introduction of institutional reforms to support modernization of regional markets.

Who Should Attend?

- Government officials & Policy Makers
- Judges and judicial authorities
- Regulators
- Insolvency Professionals
- Bankers and restructuring & workout professionals
- Accountants
- Lawyers
- Anyone seeking a better understanding of insolvency and restructuring frameworks in the region
